M/Y Azimut Magellano 66 is the perfect option for those looking to cruise further afield without compromising comfort and elegance, A safe and gentle navigation is guaranteed with economic fuel consumption thanks to her innovative Dual Mode hull and wide range of cruising speeds. Her interior spaces have been cleverly designed resulting in voluminous living areas and spacious cabins furnished in bright neutral tones. She boasts a large, single-level main deck that makes her appealing to diverse lifestyles

At just over 20 metres, Azimut Magellano 66 is impressive as you make your way through and find spacious and luxurious areas to enjoy. The cockpit offers clever innovation that allows for a typical gathering area or outdoor dining setup to convert to a lounge with an infinity view of the ocean. Forward to the bow, you can enjoy wide ocean views in a seated format, or choose to lounge for sunbathing or take a siesta under the removable bow shade. The flybridge is maximised by its carbon fibre superstructure enjoys a wide and open deck. The aft fly lounge area is perfect for relaxing at anchor or underway with the option of sun or shade.

M/Y DREAMY has been designed and engineered to the highest of standards for a boat in her category, she is in compliance with the two major safety codes for boats under 24 metres. The use of carbon fibre has allowed volumes and surfaces to be increased in size while keeping the same weight plus great stability.

She can comfortably accommodate 8 guests in 4 spacious cabins comprising a full beam Master, a VIP both with ensuite bathroom and two guest cabins with single beds and shared bathroom.
